

PREVENT SPREAD OF CORONAVIRUS (COVID-19)

WASH YOUR HANDS.

Keeping hands clean is one of the **MOST IMPORTANT** things we can do to stop the spread of germs and stay healthy.

WET your hands with clean running water (warm or cold) and apply soap.

LATHER your hands by rubbing them together with the soap. Be sure to lather the back of your hands.

SCRUB your hands for at least 20 seconds. Need a timer? Hum the “Happy Birthday” song twice, from beginning to end.

RINSE your hands well under clean running water.

DRY your hands using a paper towel. Use the paper towel to turn off the faucet and open the door, then discard it.
