Medicare. While Medicare generally doesn't cover long-term nursing care stays in a nursing home, it may cover hospital care, doctor services, and medical supplies for those in long-term nursing care.
Paving out of packet. If your family chooses to pay for care with

Here are some financial options to consider:

• **Paying out of pocket.** If your family chooses to pay for care with their own funds, be sure to ask each facility you're considering about their payment options.

• Long-term care insurance. Medigap, employer-provided, or private

health insurance plans can offset the cost of long-term nursing care, but

HOW

HOW

will I pay for

nursing care?

long-term

do I prepare my loved one for a move to long-term nursing care?

- It's no surprise that most people would rather stay in their home than transition to a care facility. Here are some tips to consider before starting the discussion.
- Enlist the help of your loved one's doctor or a health care professional. Often doctors and nurses are more persuasive than a relative or close friend.
- Share information about the care center. Your loved one will want to know details about where they'll be moving, so be prepared with photos, brochures, and other educational materials.
- Listen and acknowledge your loved one's concerns. Demonstrate that you understand their feelings, and assure your loved one that the move is the best way to ensure they receive the care and attention they need.

WHAT are my next steps?

- Use the attached checklist to help you select the best long-term nursing care facility for your loved one.
- **Contact Chatsworth at 561-227-3227** if you have additional questions or wish to learn more about long-term nursing care at our Palm Beach Gardens community. It will be our privilege to help you.
